ABOUT SAFER ILLINOIS

The University of Illinois developed the Safer Illinois application to support the health and safety of the community. It provides resources to monitor personal health and limit exposure to slow down the spread of COVID-19.

YOU CAN USE THIS APP TO

- Get confidential COVID-19 test results.
- Show building access status.
- Self-report COVID-19 symptoms.
- Get COVID-19 exposure notifications.

GETTING STARTED

GET THE APP!

Safer Illinois is compatible with mobile devices running Android and iOS. Find it in the Apple App Store or Google Play Store.

NEED A SMARTPHONE?

If you are a faculty, staff or student at University of Illinois and you don't own a smartphone compatible with the Safer Illinois app, Technology Services can loan you one! Read about technology loan programs on the [Faculty, Staff, and Student Technology Equipment Needs](#) page and contact them now!

GETTING STARTED

Tap **Get Started** to begin setup.

SET UP MESSAGING

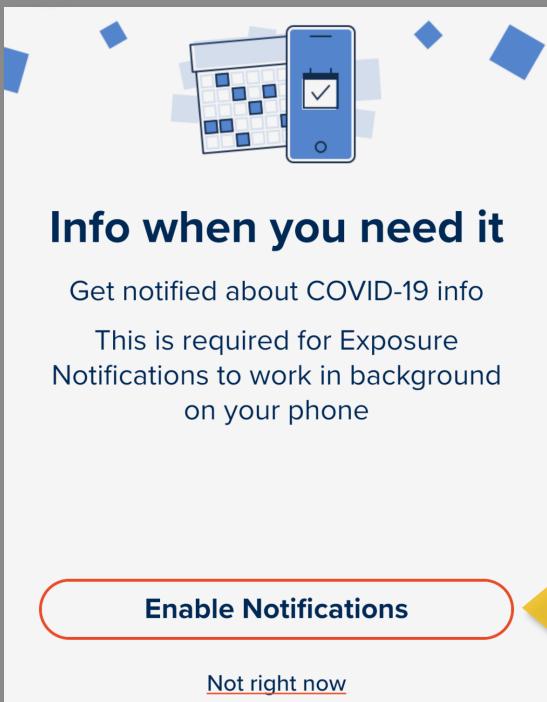

Safer Illinois uses the Exposure Notification System to inform of possible contact with users who test positive for COVID-19. The system traces the proximity anonymously using Bluetooth.

You must enable **notifications**, **location services**, and **Bluetooth** to receive all messages in the app.

These settings can be adjusted in the app **Settings** after initial setup.

SET UP MESSAGING

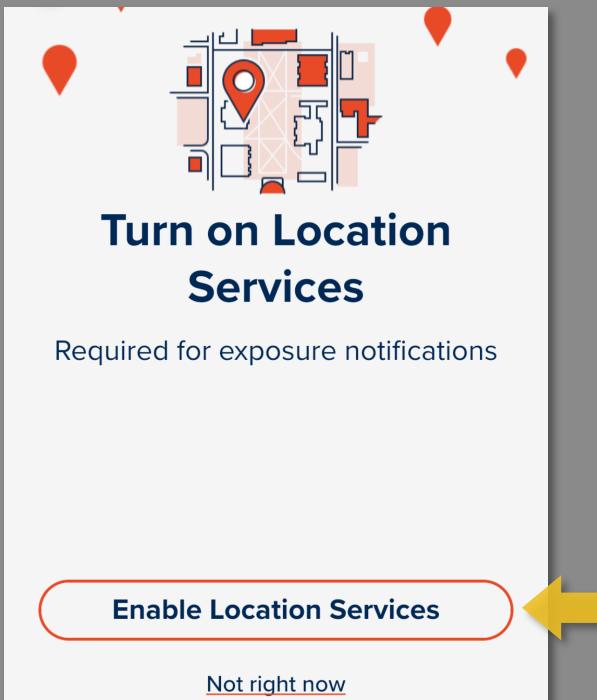

Enable Notifications

This setting allows you to receive important notifications.

SET UP MESSAGING

Enable Location Services

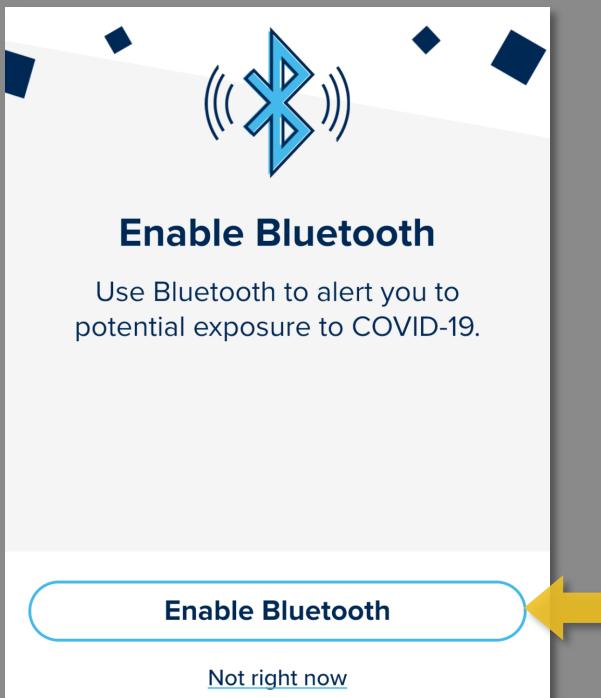

Location services must be turned on to activate the exposure notification system. However, no location data is received by or sent from the app.

Learn more about [Exposure Notifications](#).

SET UP MESSAGING

Enable Bluetooth

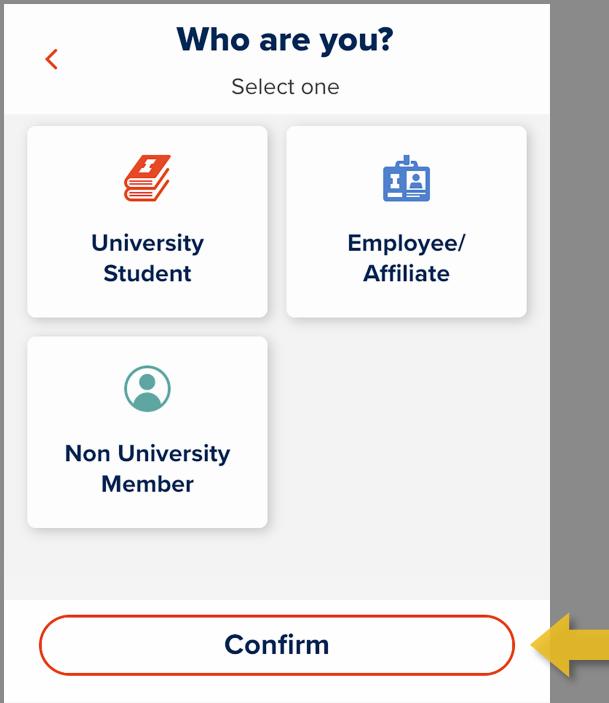

This setting allows the app to use the Bluetooth signal on your mobile device to track possible COVID-19 exposures.

SET UP ACCOUNT

Non-University members must be registered on the SHIELD CU testing roster to receive their COVID-19 test results through Safer Illinois.

SET UP ACCOUNT

Select Your Affiliation

University Student – Undergraduate or graduate student. Log in with NetID.

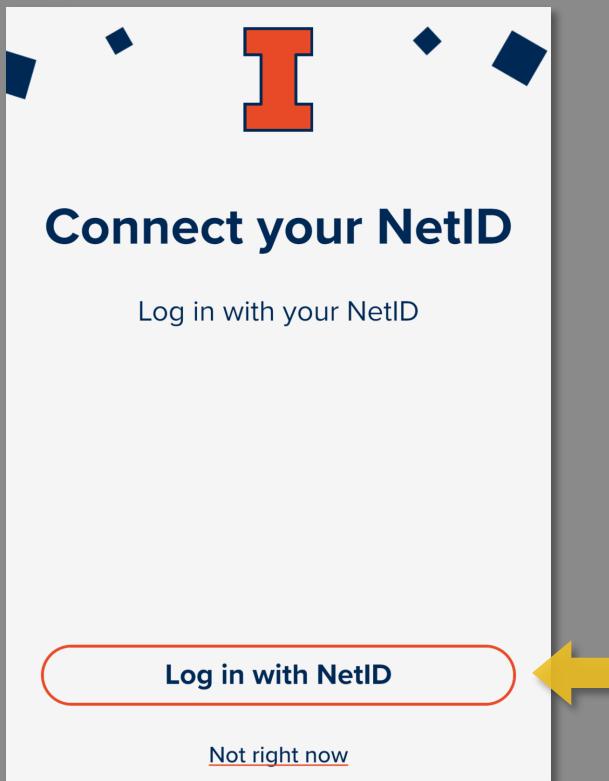

University Employee – Faculty or staff. Log in with NetID.

University Affiliate – Other connection to the University with digital access privileges. Log in with NetID.

Non-University Member – Community member in the SHIELD CU COVID-19 testing program. Log in with phone number.

SET UP ACCOUNT

University

Tap **Log in with NetID** to proceed to the standard Illinois Single Sign-On page.

SET UP ACCOUNT

Non-University

 Verify your phone number

To verify your phone number, choose your preferred contact channel, and we'll send you a one-time authentication code.

Phone number

Text me

One-time code

Confirm phone number

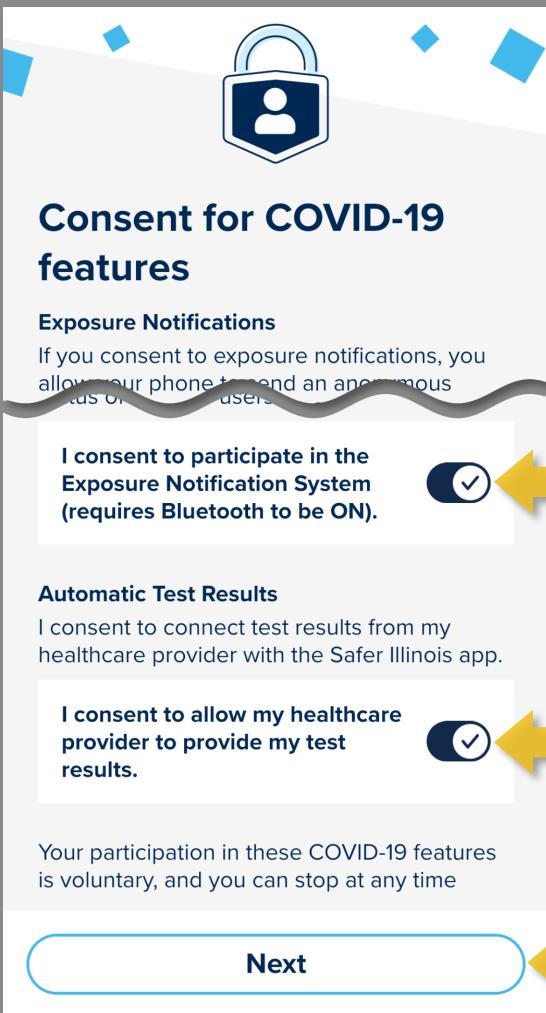

Your phone number will serve as your login credentials.

CONSENT TO PARTICIPATE

Now that you have enabled messaging and set up your account, you can consent to receive health information.

Your COVID-19 test results cannot be automatically sent to your mobile device without your consent. You may also withdraw your consent at any time.

CONSENT TO PARTICIPATE

Consent for COVID-19 features

Exposure Notifications

If you consent to exposure notifications, you allow your phone to send an anonymous status of your location to other users.

I consent to participate in the
Exposure Notification System
(requires Bluetooth to be ON).

Automatic Test Results

I consent to connect test results from my healthcare provider with the Safer Illinois app.

I consent to allow my healthcare
provider to provide my test
results.

Your participation in these COVID-19 features is voluntary, and you can stop at any time

Next

Tap the switches to consent to:

- Participating in the Safer Illinois Exposure Notification system.
- Receiving Automatic Test Results from your healthcare provider.

Learn more about [Exposure Notifications](#).

SAVE YOUR ENCRYPTION KEY

Your COVID-19 Encryption Key

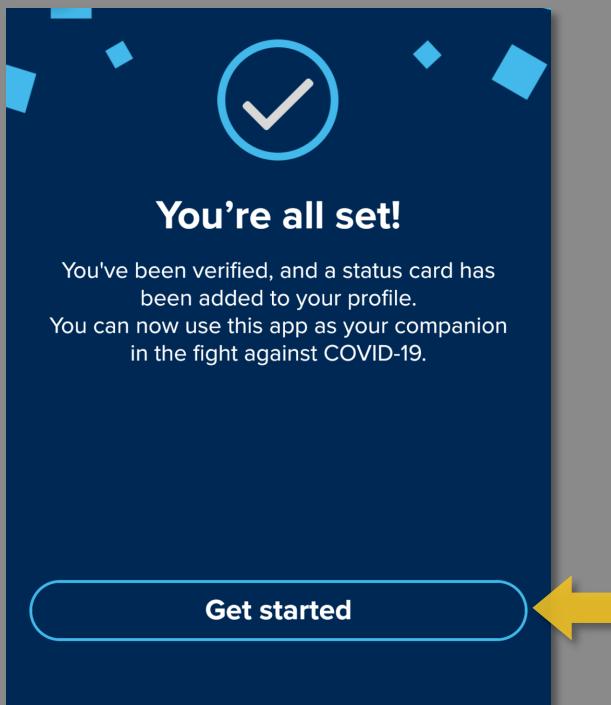

For your privacy, your healthcare data used for COVID-19 features is encrypted. The encryption key is stored locally on your phone to keep it secure.

To use the COVID-19 features on another device, you will need to manually transfer this encryption key using the QR code below.

Save your encryption key so that you can retrieve your information later.

*For more information see [Save your COVID-19 QR code](#) in the **Maintenance** section.*

YOU CAN NOW USE THE APP

Tap **Get Started** to go to the Safer Illinois Home Screen.

HOME SCREEN

HOME SCREEN OVERVIEW

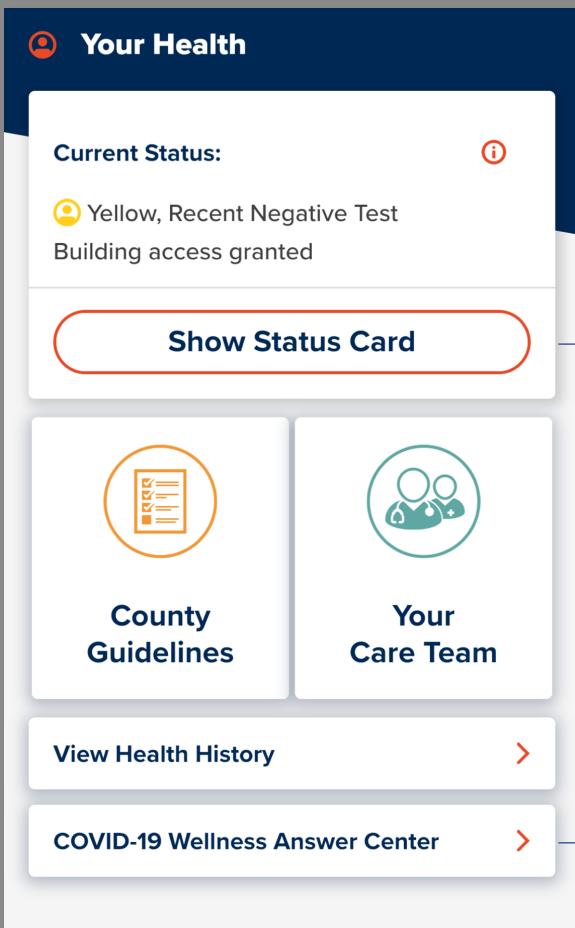

The image shows the Safer Illinois Home mobile application's home screen. At the top, it displays "Safer Illinois Home" and a gear icon for settings. Below this, a large orange button labeled "Stay Healthy" with a plus sign icon is visible. The main content area is divided into several sections:

- MOST RECENT EVENT:** COVID-19 PCR, dated November 20, 2020, from McKinley Health Center / SHIELD. An orange button labeled "View Health History" is present.
- NEXT STEP:** Monitor your test results, dated November 24, 2020. A message states: "You will turn orange/access denied if no negative test by today." An orange button labeled "Find test locations" is present.
- Symptom Check-in:** A section for self-reporting symptoms, with a red arrow pointing to the right. A message says: "Self-report any symptoms to see if you should get tested or stay home."
- Add Test Result:** A section for keeping status up-to-date, with a red arrow pointing to the right. A message says: "To keep your status up-to-date."

Annotations on the right side explain the functions of each section:

- An annotation points to the "View Health History" button with the text: "Accumulated test results, exposure history, and symptom reports."
- An annotation points to the "Find test locations" button with the text: "View the next steps you should take here."
- An annotation points to the "Symptom Check-in" section with the text: "Find out if you need to get tested."
- An annotation points to the "Add Test Result" section with the text: "Retrieve test results from your healthcare provider."

HOME SCREEN OVERVIEW

Show status card to get into buildings.

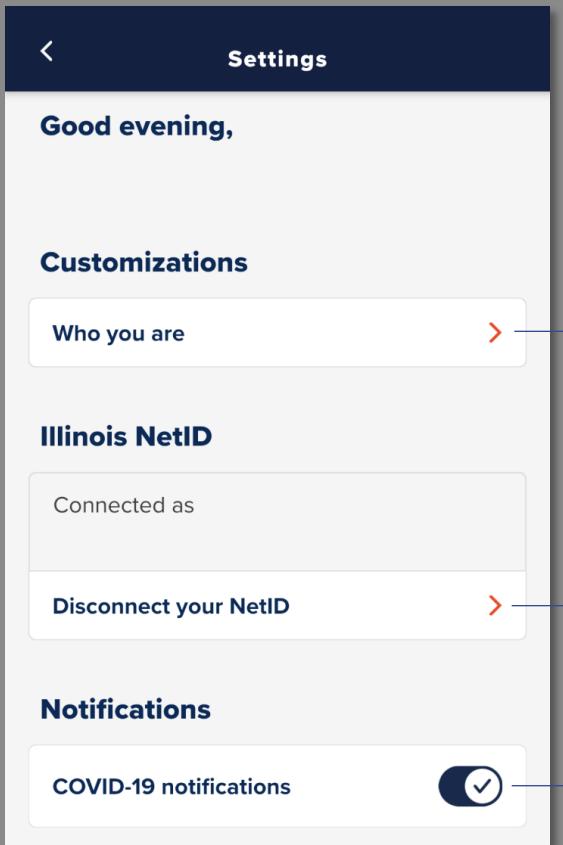

Get help with your COVID-19 questions.

SETTINGS SCREEN

SETTINGS SCREEN OVERVIEW

Tap **Settings** (⚙️) in the upper right-hand corner of the home screen to visit the Settings screen.

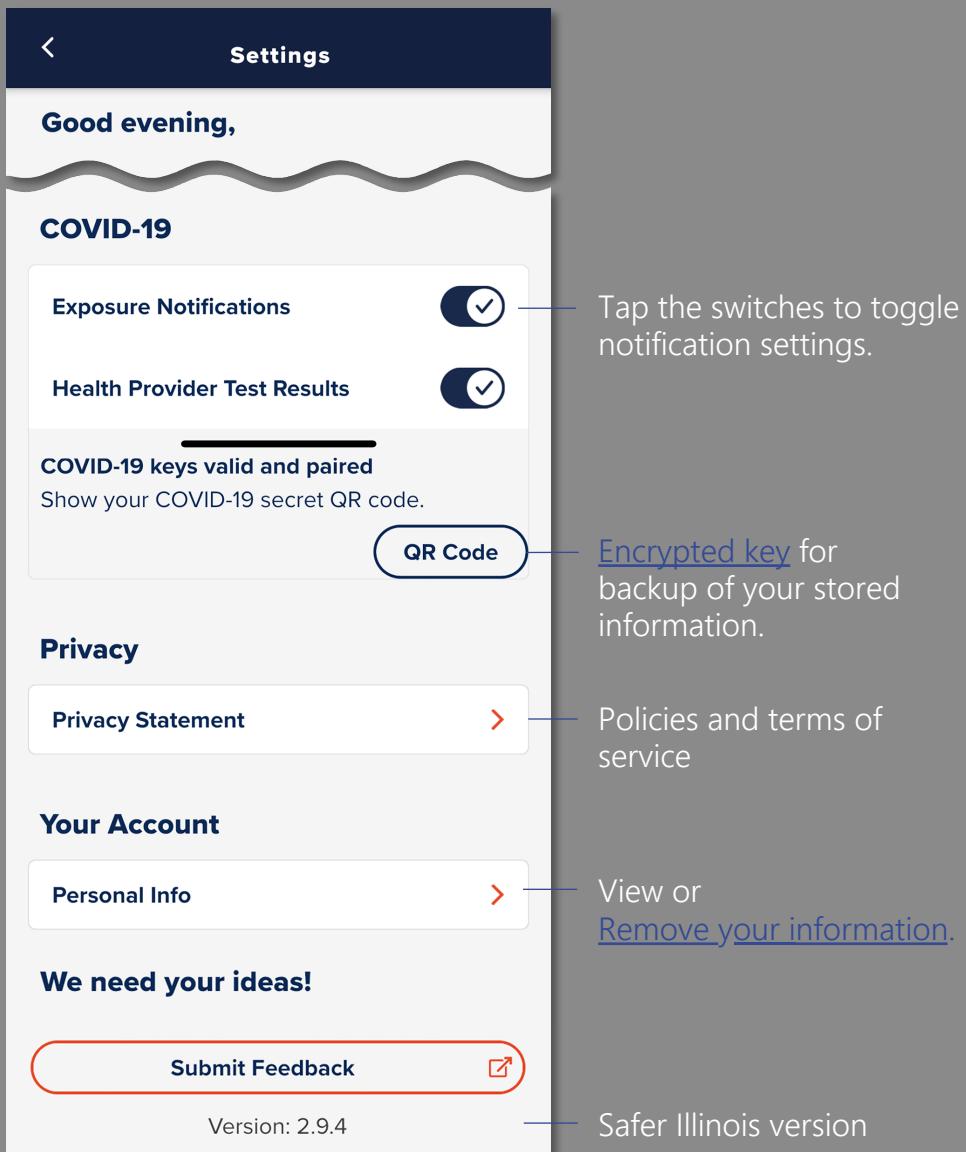

Change or update your University Affiliation.

[Sign out from the app.](#)

Tap the switches to toggle notification settings.

SETTINGS SCREEN OVERVIEW

GET CONNECT/ DISCONNECT

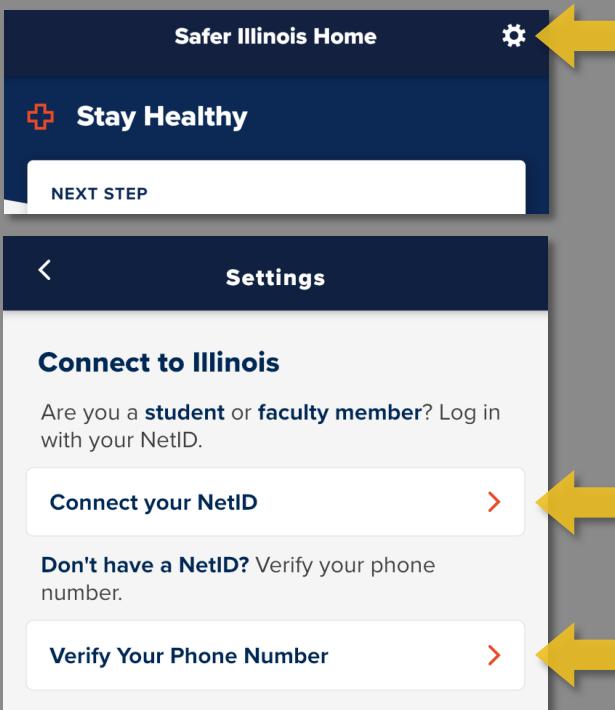

SIGN IN TO THE APP

If you are not already signed in with your NetID (University members) or phone number (non-University members), this procedure shows you how.

You will need to be signed in to the app to receive test results and access buildings. You can sign in and out of the app any time if you need to switch users.

SIGN IN TO THE APP

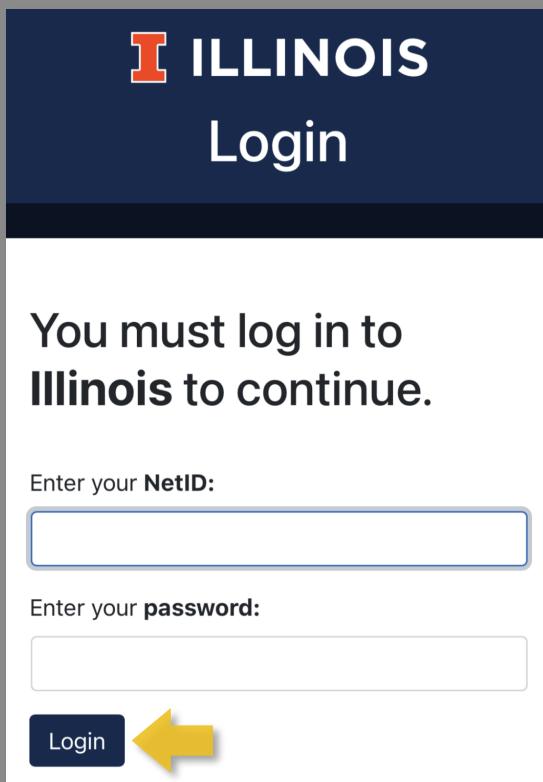

Get Connected

1. Tap Settings () in the upper right-hand corner of the home screen.
2. Tap **Connect your NetID**. You will proceed to the standard Illinois Single Sign-On page.
Or tap **Verify Your Phone Number** if you are not a university member.

SIGN IN TO THE APP

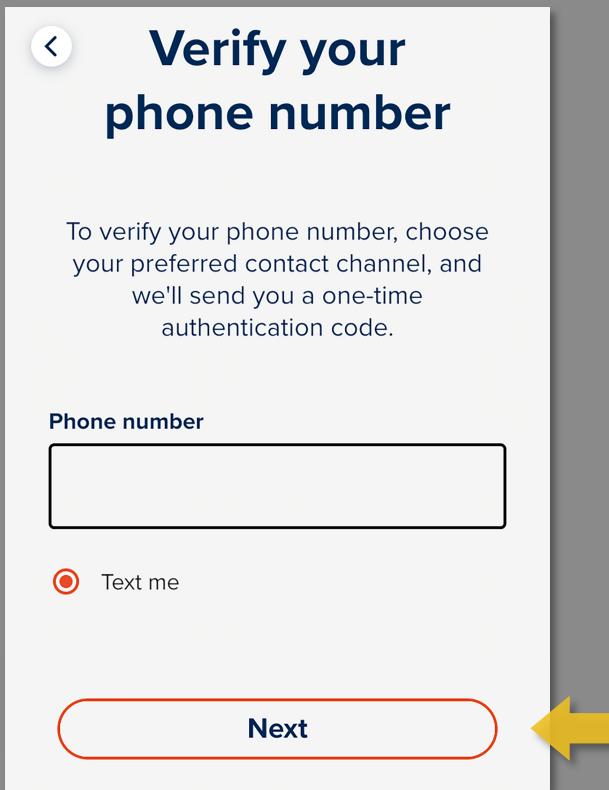

Log In With Your NetID

Type in your **NetID and Password**. Tap **Login** to confirm your credentials.

SIGN IN TO THE APP

Log In With Your Phone Number

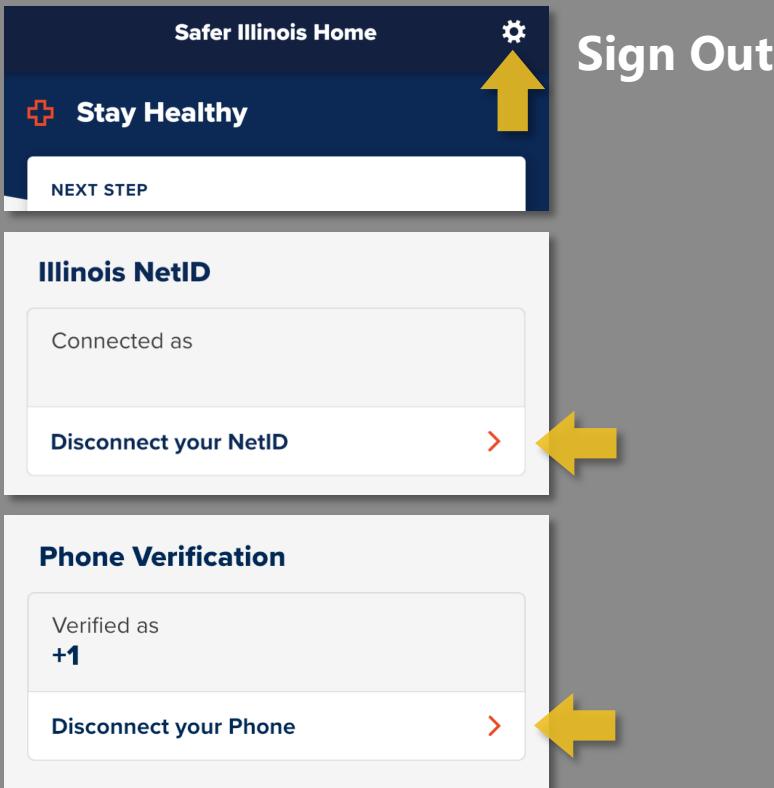

Type in your **Phone number**. Tap **Next** to confirm.

SIGN OUT FROM THE APP

You may sign out from the app by disconnecting your NetID or your phone number.

Disconnecting will allow other users to sign into the app from your device using their own NetID or phone number.

This action will not delete information stored about you from the device or the cloud. To delete your information, see [**Remove Your Information**](#).

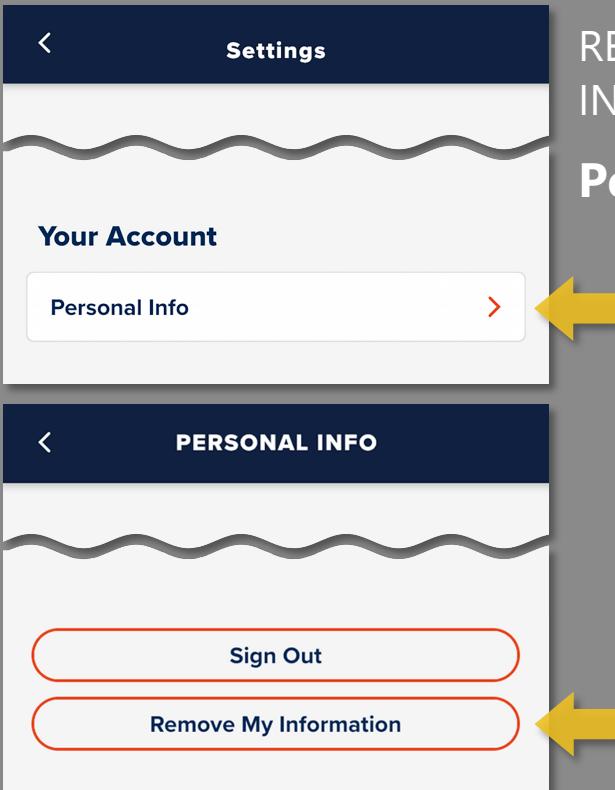

1. Tap settings (⚙️) in the upper right-hand corner of the home screen.
2. Tap **Disconnect your NetID**. Or **Disconnect your Phone** for non-University members.
3. Tap **Yes** to sign out. You will return to the home screen and Health Status will no longer be displayed. .

Note: You cannot access campus facilities or buildings while you are signed out.

REMOVE YOUR INFORMATION

Safer Illinois retains some of your personal information to keep track of your health status and keep your app preferences up to date. You may opt out of information collection by requesting that your Personally Identifiable Information (PII) be permanently deleted.

1. Tap settings (⚙️) in the upper right-hand corner of the home screen.
2. Tap **Personal Info**. This button is found under the **Your Account** section of **Settings**.
3. Tap **Remove My Information**.
4. Read the disclaimer and tap **Yes** to confirm

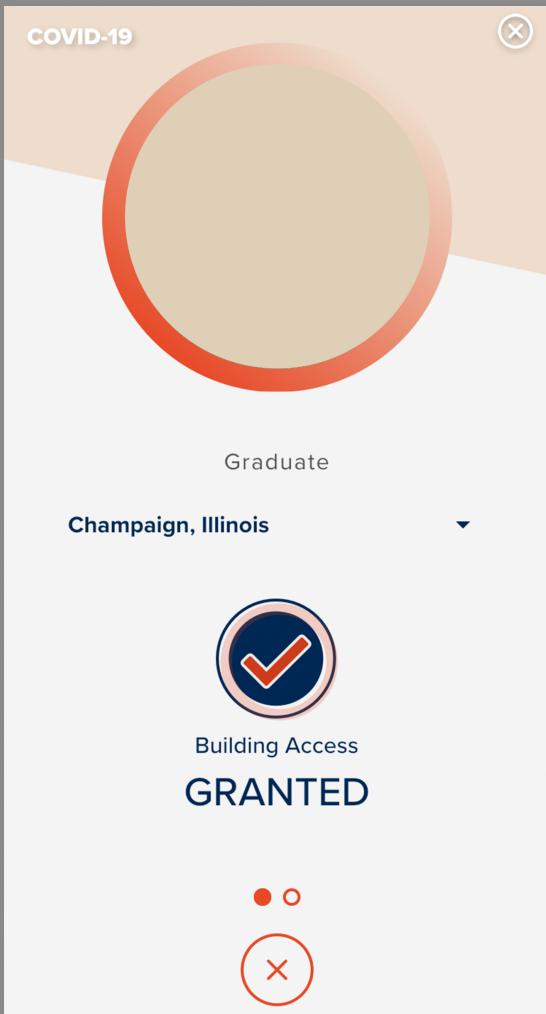

Once you remove your information, you will be signed out. Your health status and building access will no longer be displayed, and your app preferences will be deleted.

Go back to > [SETTINGS SCREEN OVERVIEW](#)

MANAGE YOUR HEALTH

VIEW YOUR HEALTH STATUS

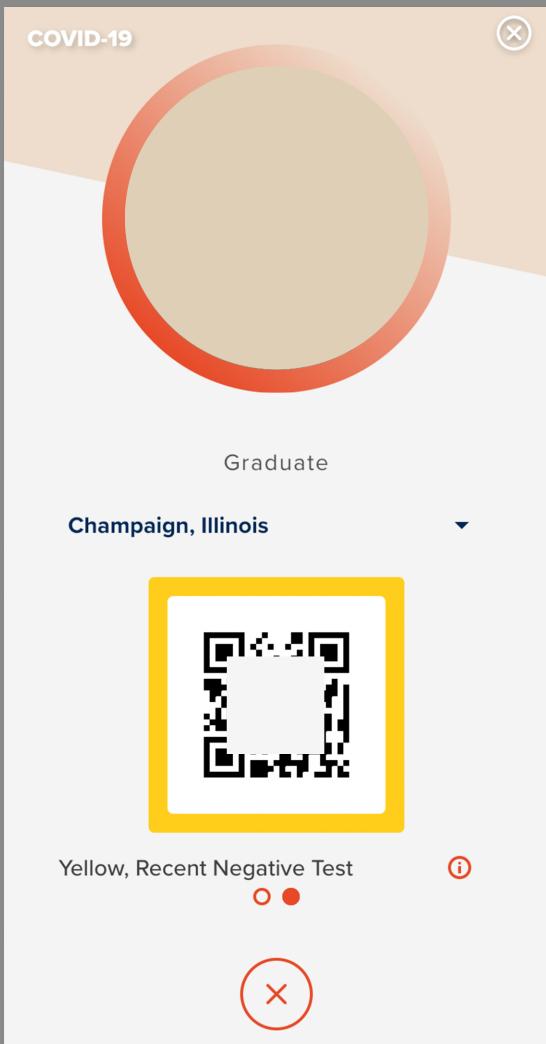

You will need to show your Status Card to gain access to campus facilities and buildings. Health Status is regularly updated as you routinely receive COVID-19 test results. To maintain access to campus, you must maintain a **Yellow** Health Status.

**VIEW YOUR
HEALTH STATUS**
**View Building
Access**

Tap **Show Status Card** on the Safer Illinois home screen.

- **GRANTED** means you have access to campus buildings because you have recently received a negative COVID-19 test result.
- **DENIED** means you do not have access to campus buildings because you have received a positive test result, or you have not recently been tested.

VIEW YOUR HEALTH STATUS

View Your COVID-19 Status

Swipe left to reveal your **COVID-19 Status** and ID QR Code.

The ID QR code can be scanned at any test center.

VIEW YOUR HEALTH STATUS

View Status

Colors

Status color definitions can change depending on different counties.

Status colors for **Champaign, Illinois:**

🟡 Yellow: Recent negative test

🟠 Orange: First time user, Past due for test, Self-reported

🔴 Red: Positive test

Default status for new users is set to Orange.

An up-to-date on-campus negative test result will reset your COVID-19 status to Yellow, and Building Entry will change to Granted.

Tap ⓘ to view the Health COVID-19 Status color codes.

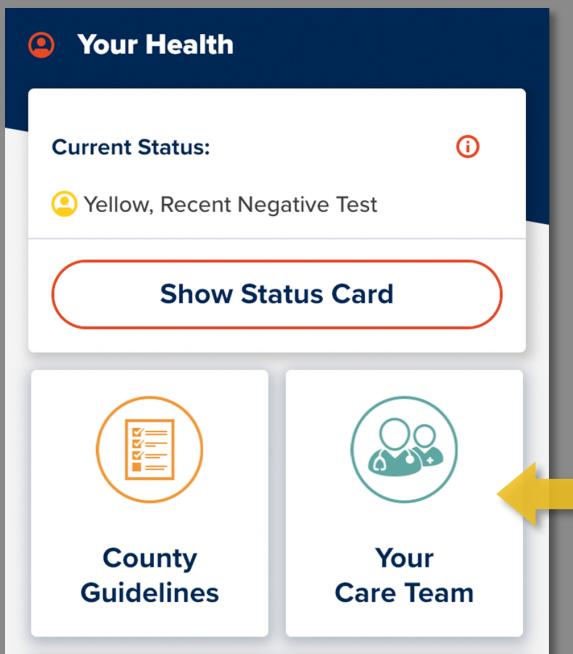

- Yellow: Negative COVID-19 test
- Orange: Visit a Test Center soon
- Red: Positive COVID-19 test

CONTACT YOUR HEALTHCARE TEAM

Reach out to your healthcare team when you have received a positive test result, if you have symptoms consistent with COVID-19. You can discuss your symptoms with a nurse over the phone or schedule an appointment for clinical care.

CONTACT YOUR HEALTHCARE TEAM

Your Care Team

1. Scroll down to **Your Health** on the Safer Illinois home screen.
2. Tap **Your Care Team**.

CONTACT YOUR HEALTHCARE TEAM

The screenshot shows a mobile application interface titled "Your Care Team". It features two main sections: "Call McKinley Health" and "OSF OnCall CONNECT".

Call McKinley Health
Reach out to someone on the "Dial a Nurse Line" to discuss your symptoms and options for clinical care.

1-217-333-2700

OSF OnCall CONNECT
We've partnered with OSF OnCall Connect program and the Illinois Department of Healthcare and Family Services to support you getting through COVID-19. Call the Nurse Hotline at 1-833-OSF-KNOW (833-673-5669) to learn more about the program, which includes delivery of a care kit and digital visits to monitor you over a 16-day period.

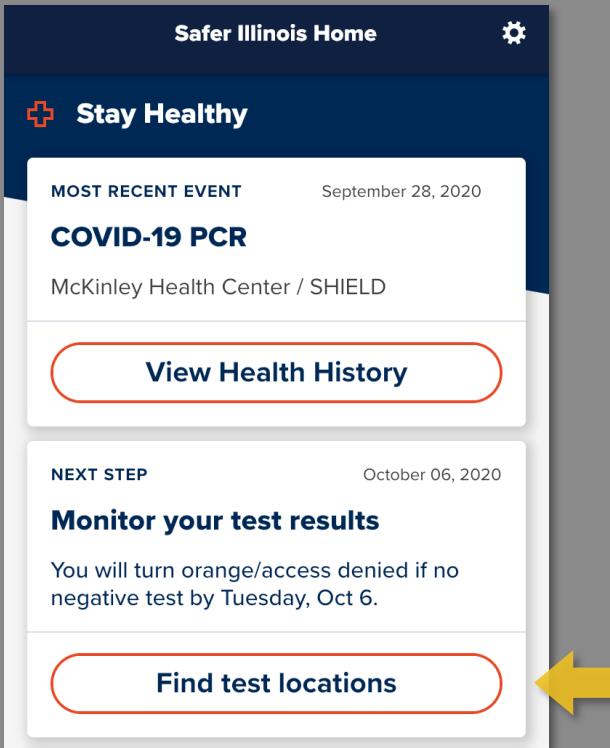

1-833-673-5669

Tap **Call McKinley Health** or **OSF OnCall** to get in touch with a nurse

FIND TEST LOCATIONS

Test centers are available at many convenient locations across campus and are open at most normal business hours. You can find a nearby test center, view its projected wait time, and confirm hours of availability before you even leave your home.

FIND TEST LOCATIONS

Tap **Find Test Locations** on the Safer Illinois home screen.

FIND TEST LOCATIONS

View Available Test Centers

The screenshot shows a mobile application interface for finding test locations. At the top, there is a dark header bar with a back arrow icon on the left and the text "Test Locations" in white on the right. Below this, there are two card-like entries, each representing a test center:

- State Farm Center, West Main Entrance**
 - 📍 1800 S. First St., Champaign, IL
 - 🟢 Wait Time
 - ⌚ Open until 06:00pm ▼
- Alice Campbell Alumni Center Tent**
 - 📍 601 S. Lincoln Ave, Urbana, IL
 - 🟢 Wait Time
 - ⌚ Open until 06:00pm ▼

Scroll down to view a complete list of available test centers.

2. Tap the test center address to view its location on a map.

NAVIGATE THE TESTING PROCESS

BEFORE GETTING TESTED

For University Members

All university faculty, staff and students participating in any on-campus activities are required to participate in the on-campus COVID-19 testing program. Follow the required testing schedule. You can test on campus if you have an active NetID and an i-card.

Visit the [On-Campus COVID-19 Testing](#) website for more information.

For Everyone

- Avoid eating, drinking, brushing your teeth, chewing gum, or using tobacco for at least one hours before testing.
- Bring your current i-card OR use the [status card QR Code](#) for identification.
- Wear a mask and keep a safe distance from other people in line.

GETTING TESTED

Illinois on-campus testing sites administer saliva-based COVID-19 rapid tests, which are non-invasive and quick to analyze. Test locations are conveniently available all across campus. *See Also:* [Find Test Locations](#).

Registration

1. Approach the next available testing associate when you are called. You will be asked some questions.

Question: Have you had anything to eat, drink, smoke, or chew in the last 60 minutes?
2. Swipe your i-card or show your status card QR Code in the Safer Illinois app. You will be asked some more questions.
 - 1) Question: Is the mobile phone number listed still accurate?
 - 2) Question: Is the address listed still accurate?
 - 3) Question: Do you identify as Hispanic/Latino?
(You may say: "I would prefer not to answer this question.")
 - 4) Question: What race do you most identify with?
(You may say: "I would prefer not to answer this question.")

GETTING TESTED

Giving Your Sample

1. Verify that your name is correct on the test tube label.
2. Move to the next available saliva station.
3. Take the lid off the test tube.
4. Dribble saliva into the tube until you have filled $\frac{3}{4}$ of the cone.
5. Replace the lid and take the tube to the collection station.
6. Take your test tube to the collection station. You will be asked some questions.
7. Take a copy of the **COVID-19 Test Fact Sheet for Patients.**

Note: An online copy of the [COVID-19 Test Fact Sheet](#) is also available in PDF format.

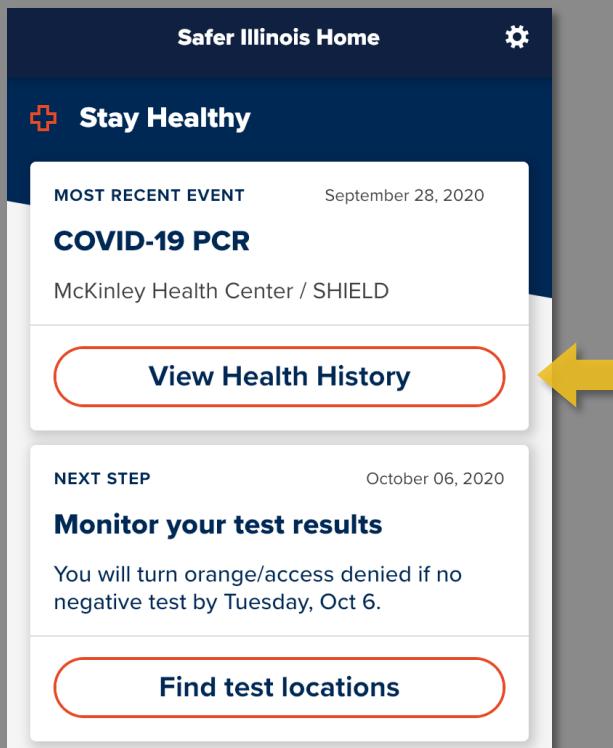

VIEW TEST RESULTS

You can expect most COVID-19 test results to be available within five hours of visiting a test center, but results could take up to 48 hours. If you are a university member, you can view your results on the McKinley Health Center Patient Portal. They will also be delivered to the Safer Illinois app.

Non-university members can receive their results only on the app.

VIEW TEST RESULTS

View Health History

Tap **View Health History** in the home screen to view your test results.

McKinley Health Center / SHIELD

Verified

More Info

Tap **More Info** to view more details about a particular test result.

Note: If you are a new user of the Safer Illinois app or you have recently reinstalled the app, only your most recent on-campus test result will be visible in your Health History..

VIEW TEST RESULTS

Request The Latest Result

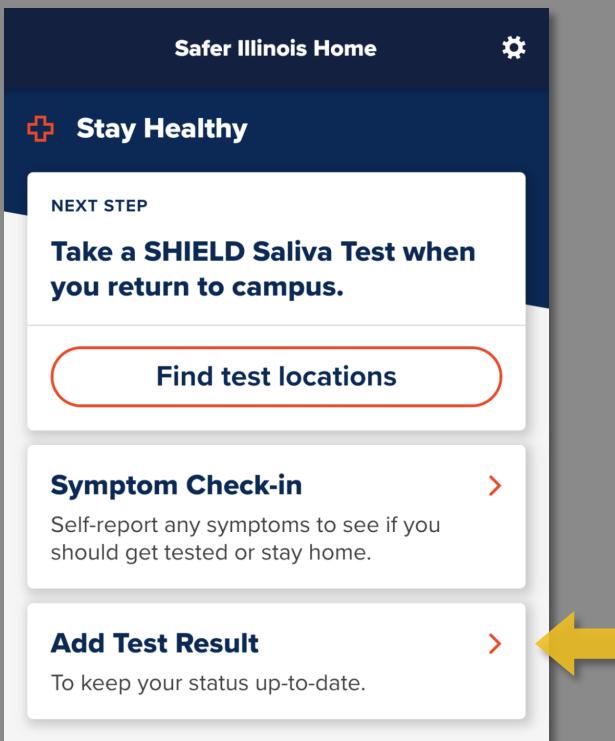

Tap **Request My Latest Test Again** to retrieve your most recent test results after reconnecting your NetID or reinstalling the app.

Note: Your NetID must be connected and you must be running the latest version of Safer Illinois to receive test results. See Also: [Update to Latest Version](#).

ADD NEW TEST RESULTS

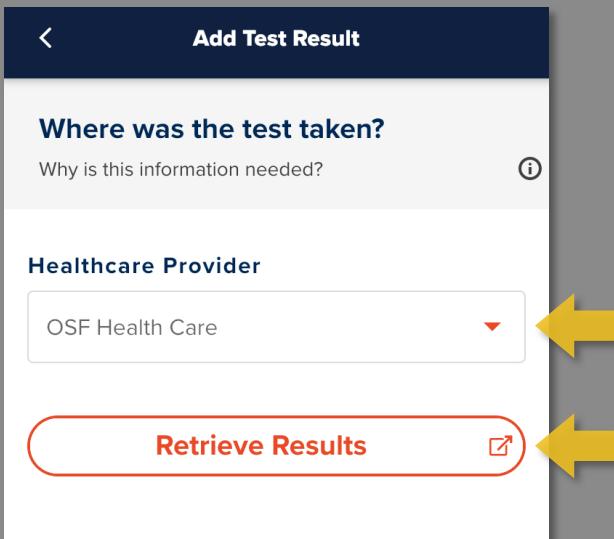

Results from any McKinley Health Center on-campus testing location are instantly verified. Your health status will be reflected in the app instantly upon receipt. Test results that you enter manually must be reviewed by a public healthcare provider. Your health status will change once these results are verified.

ADD NEW TEST RESULTS

Tap **Add Test Result** in the Safer Illinois home screen.

ADD NEW TEST RESULTS

1. Select your Healthcare Provider from the drop menu.

Note: Currently, you can only select McKinley Health Center or OSF Health Care.

2. Tap **Retrieve Results** to login to the OSF Health Care patient portal.
3. Enter your **OSF MyChart** username and password and tap **Sign In**.

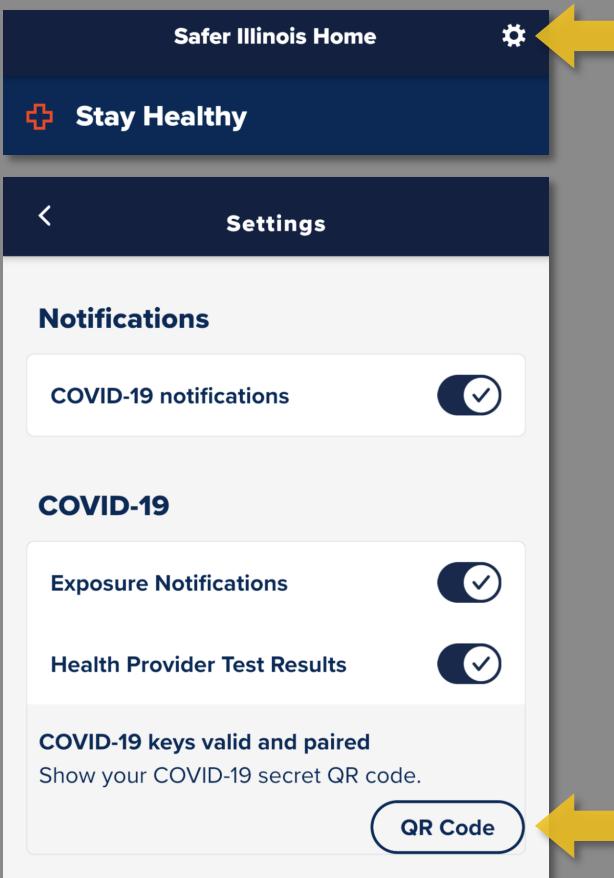

MAINTENANCE

SAVE YOUR COVID-19 QR CODE

The **COVID-19 QR code** is an encrypted key that protects your data in Safer Illinois. Your mobile device uses this code to receive your confidential test results and log your reported symptoms. You must use this unique QR code to transfer your information to a new or replacement mobile device. Don't share it with anyone!

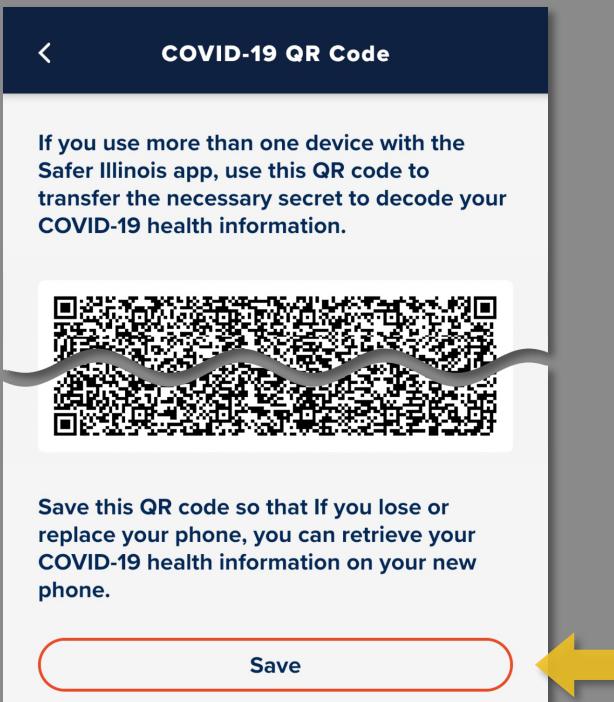

Visit the [Knowledge Base](#) for more information.

SAVE YOUR COVID-19 QR CODE

1. Tap **Settings** (⚙️) in the upper right-hand corner of the home screen.
2. Tap **QR Code**. This button is located under the COVID-19 section.

SAVE YOUR COVID-19 QR CODE

Tap **Save**. Your mobile device will save the QR Code as a photo to your gallery.

Note: You can also take a screenshot of the QR Code and save it yourself.

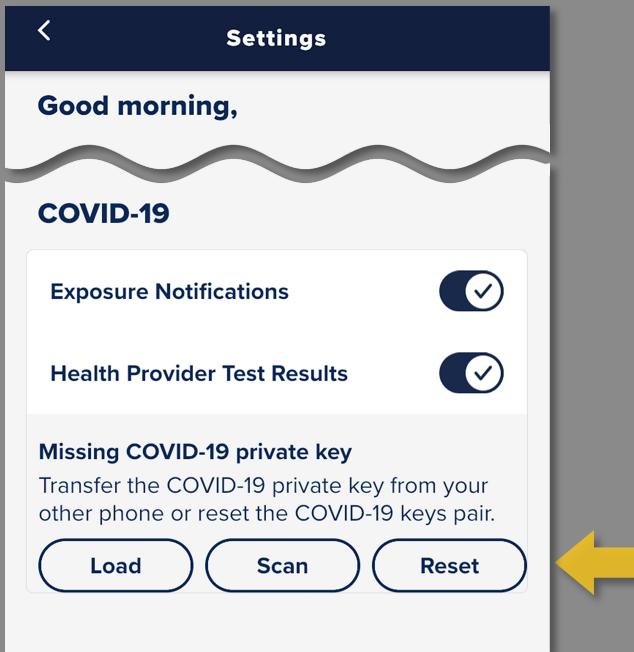

Go back to > [SETTINGS SCREEN OVERVIEW](#)

TRANSFER TO A NEW DEVICE

When you download Safer Illinois to a new device or reinstall the app on your current device, you will need to scan your COVID-19 QR secret code to retrieve your Health Status, recent test results, and symptoms. Have a photo of your QR Code ready to scan when setting up the app.

Visit the [Knowledge Base](#) for more information!

TRANSFER TO A NEW DEVICE

To transfer your private key to a new device, go to Settings > COVID-19 > Missing COVID-19 private key.

Tap **Scan** to read the QR code from your other device or photo gallery.

Or, tap **Load** to read in the QR code from a file on the current device.

Safer Illinois will upload your most recent Test Results, Health Status, and Building Access to the new mobile device.

Tap **Reset** to create a new QR code.
